## SUMMARY OF THE PROJECT

### Reason for the project

European integration revealed, also for public administrations, specific processes and mechanisms, for evaluating the progresses recorded within the framework of national reforms. The most important ones refer to administrative convergence and compatibility with principles and values of the European Administrative Space (EAS). For the Balkan states, situated in different positions in the European integration process, each above concept is emphasised and it develops in a distinct and specific way.

*The project receives funding from the European Community.*

*Sole responsibility of this Newsletter lies with the coordinator. The Education, Audiovisual and Culture Executive Agency and European Commission are not responsible for any use that may be made of the information contained herewith.*

## Conference “Competence Management”

Within the framework of the Leonardo da Vinci project  
*CoMaVet – Competence Management in the European VET  
Sector*

Organizers: PD Consult Denmark and National School of  
Political Studies and Public Administration

Took place at NSPSPA premises, on 8-9 December 2009.

The following aspects must be outlined:

- The people attending the Conference were representatives of both the private and the public affairs environment, as well as of the academic staff, students, specialists and experts from the Ministries of Administration, Education and Regional Development;

- The Conference opened new possibilities of applying the competences management in the public sector by:
  - Structuring a support program for defining and applying the basic competences provided by the European treaties;
  - Introducing special chapters meant for the managerial competences of the top-level structures from the undergraduate education level for structural or European funds projects.
